

The provision of traffic management solutions whilst works on the highway are carried out is a part of the daily activities carried out by the Breedon Group (**we/us**). We provide temporary traffic controls in the form of temporary traffic lights or stop/go signs at adhoc locations in the UK and Ireland where works are being carried out (**Traffic Controls**). As part of providing the Traffic Controls we need to protect and manage the health and safety and welfare of persons and property at Traffic Controls by using temporary CCTV cameras installed at Traffic Controls. The CCTV cameras may capture personal data of a member of the public (**MP**) who is at or travelling through Traffic Controls in a vehicle (**Surveillance**).
